SUPERB AIR+

SUPERB+

OPTIMUM+

Superb+ is our beautiful blend of RWS superfine merino wool with organic cotton and recycled nylon, giving you a wonderfully soft and comfortable hand feel, with all the warmth of the wool and the freshness of the cotton.

Optimum+ blends RWS extrafine merino wool with organic cotton and recycled nylon. It has the same composition as Superb+ but with a different fibre content, with a great handle for easy-to-wear garments.

Superb Air+ is a versatile iteration on one of our staple yarns, offering a fresh and dynamic new option for knitters and designers.
