LUXURY COLLECTION

TAPIO | OPHELIA

EMBRACEABLE | RICCIOLO ECO

NIMBO ECO | SILVA ECO

CASHMERE DREAM

Tapio is a chunky yarn with a soft and airy aspect spun from top quality cashmere. Its irregular slubs create a very tactile surface that is ideal to add an interesting detail to basic knits or to create luxurious chunky aran knits with a very rustic aspect.

Ophelia is a 7 gauge luxurious cashmere yarn with a gorgeously soft and lightweight handle. It is perfect for creating cozy garments and accessories.

Embraceable is a seducingly soft donegal roving, where gorgeously coloured neps decorate the surface for a discreet tweed look. In 100% pure cashmere, this is a truly indulgent yarn for extremely soft, chunky and light knitwear.

Ricciolo ECO is a bouclé yarn spun from a blend of cashmere and recycled nylon. Ricciolo ECO exalts the most beautiful qualities of cashmere with its seducing soft and hazy texture.

Nimbo ECO is a brushed cashmere yarn with all the qualities of cashmere and a lofty, chunky aspect. Despite its heavy count, Nimbo ECO is surprisingly airy, with a warm and smoky appearance inspired by clouds.

Named after the Latin word for forest, **Silva ECO** reflects the yarn's softly marled surface and fluid, living tactility. Its fine gauge and cashmere-rich blend create a smooth, elastic structure that moves with the body — a refined winter layer where natural softness and quiet resilience coexist.
