FALL WINTER 2027

TENDER+

CORE COLLECTION

TENDER+

TENDER DONEGAL+

TENDER+

Tender+ is a beautiful yarn spun from high quality RWS extrafine merino wool. Simple in its composition and gorgeous to the touch, Tender+ really showcases all the softness and performance qualities of a true, woollen spun merino yarn.

Tender Donegal+ is a colourful addition to the family. Spun from the same top quality fibres, Tender Donegal+ is the perfect combination of comfort and creativity.

UPW® Ensures Every Fiber Positively Impacts The Planet.

UPW® - A Legacy of Trusted Partnerships

Founded in 1984, UPW® is a globally leading manufacturer of sustainable and environmentally responsible yarns. Since 1990, we have obtained a total of 25 internationally recognized certifications, including WOOLMARK®, OEKO-TEX® Standard 100, Intertek, GOTS, OCS, GRS, RAF, SFA, GCS®, and Regenagri®. These certifications serve as a “green passport” that enables UPW® yarns to be trusted and distributed worldwide.

We carefully select every fibre at its source and integrate sustainability into the design and development of our yarns, striving to build a reliable layer of environmental assurance for our customers.

In recent years, UPW® has actively collaborated with globally leading low-carbon and sustainable material partners, including Zentera™, Lenzing™, Nativatm, and Spiber, to further explore and expand the innovative potential of renewable and low-carbon materials within the textile industry.

Every milestone in our sustainability journey represents UPW®’s long-term commitment to our partners, the planet, and future generations.
