YAK

Sublime ECO has an irresistible softness thanks to a balanced mix of yak and RWS extrafine merino wool.

Sublime Donegal ECO is a colourful and elegant addition to our very popular Sublime ECO.

Khangri ECO mixes some precious yak, alpaca and RWS extrafine merino wool fibres into a seducingly lofty yarn with a lightly felted handle. Khangri ECO is perfect for extra chunky, relaxed knitwear to keep you warm and cosy during the coldest days of winter.

Yangra ECO is a soft yarn crafted from the finest yak and wool with a delightful hazy appearance which is ideal for creating warm, lofty garments with a rustic and chic aesthetic.

Yeti is spun from top quality yak and nylon with a touch of Lycra®, creating a truly luxurious and durable yarn perfect for outerwear and accessories that require both warmth and stretch.

Digital Traceable Yak Fibre

Full Transparency from Pasture to Garment

Build a fully digital traceability system covering every stage from fibre collection to finished garment. The data for each batch of yak fibre is recorded on the blockchain, ensuring that every step — from pasture to garment — is transparent and trustworthy, and giving consumers full access to end-to-end digital traceability.
